The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage you can access www.ssspr.com or call (787)774-6060. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms, see the Glossary. You can view the Glossary at https://www.healthcare.gov/sbc-glossary or call 1-800-981-3241

Important Questions	Answers	Why This Matters:
What is the overall deductible?	$0 for Blue One Network / $800 per member for medical services in the EPO network	See the Common Medical Circumstances table below for costs of services covered by this plan.
Are there services covered before you meet your deductible?	Yes.	This plan covers preventive services and vaccines even if you have not yet met the deductible amount. However, a copayment or coinsurance may apply.
Are there other deductibles for specific services?	No.	No deductible for specific services.
What is the out-of-pocket limit for this plan?	For medical-hospital services and medications provided by in-network providers - **$6,350** Individual / **$12,700** Family.	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, you have to meet your own direct out-of-pocket limits until the family's out-of-pocket limit has been reached
What is not included in the out-of-pocket limit?	Premiums, payments for non-essential benefits, payments for non-covered services, services provided by out-of-network providers.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.
Will you pay less if you use a network provider?	Yes. See www.ssspr.com or call **1-800-981-3241** for a list of network providers.	This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist?	No.	You can see the specialist you choose without a referral.

All **copayment** and **coinsurance** costs shown in this chart are after your **deductible** has been met, if a **deductible** applies. https://www.healthcare.gov/sbc-glossary/

About these Coverage Examples:

This is not a cost estimator. Treatments shown are just examples of how this plan might cover medical care. Your actual costs will be different depending on the actual care you receive, the prices your providers charge, and many other factors. Focus on the cost-sharing amounts (deductibles, copayments and coinsurance) and excluded services under the plan. Use this information to compare the portion of costs you might pay under different health plans. Please note these coverage examples are based on self-only coverage.
